

// (BEFORE) Non-Universal Routes

```
server.get(CLIENT_ROUTES, (req, res) => {  
  res.sendFile(join(distFolder, 'index.html'));  
});
```

// (AFTER) Universal Routes

```
server.get('*', (req, res) => {  
  res.render(indexHtml, { req, providers: [...] });  
});
```

# Pre-rendering
